MEMORANDUM FOR THE RECORD

25X1A

SUBJECT: [REDACTED]

25X1A

25X1A

1. I meet with [REDACTED] and several of his staff to discuss the proposed assignment of [REDACTED] to the COMIREX to be Chairman of an ADP handling coordinating group which had been requested by DIA and concurred in by most other elements.

2. We reviewed the general concept of the coordinating group-- that is, that its principal focus would be to develop and maintain visibility concerning ADP data handling plans and interfaces, raising questions and developing recommendations as appropriate. We discussed some aspects of the operational site and the importance of developing sound, unambiguous, management control over the input guidance and output data and materials.

3. It was agreed that Dave would be assigned to this activity. He will remain in the OJCS Career Service but will be carried in a COMIREX staff slot. Arrangements are being made for him to locate and work from the SSG area.
